Implementing Cost-Effective Total Nitrogen Removal Using Biological Intensification is a project led by the Vallejo Flood and Wastewater District. The East Bay Regional Park District's (EBRPD) project at Brook Road will correct hindered public access to Tilden Regional Park and improve water quality. This agreement provides funding to the Santa Rosa Band of Cahuilla Indians. The recipient will build its capacity to administer an EPA program. The City of Sonoma's North Bay Water Quality Partnership project bolsters a growing partnership between the City of Sonoma, the City of Ukiah, and the Ukiah River. This agreement provides funding under the Inflation Reduction Act (IRA) to Social and Environmental Entrepreneurs (S.E.E.) as a Regional Grantmaker. This agreement provides funding to Social and Environmental Entrepreneurs (S.E.E.). The recipient is a Regional Grantmaker that will receive funding. This agreement provides funding to San Bernardino Valley Municipal Water District to implement its project to water supply reliability within or near the district. The agreement provides funding to collaboratively continue to develop the Nevada Wetlands Program. Tasks include surveys of fens and vernal pools. The agreement provides funding to the Southern California Coastal Water Research Project. Specifically, the recipient will develop Level 3 funding. This agreement provides funding to the City of Carson City to implement its project to complete a portion of a sewer main extension project through the city. The Bale Slough - Bear Creek Project advances the Napa County's application of the Living River Principles by restoring geomorphic processes. The agreement provides funding to Hawaii Department of Land and Natural Resources. Specifically, the recipient will facilitate collaboration with local communities. The agreement provides funding to the Association of Bay Area Governments. Specifically, the recipient will advance the development of the Bay Area. This agreement provides funding to South Coast Water District to implement its project to drill and construct the Doherty Ocean Desalination Plant. The Ridge to River Engagement project will create a scalable model that connects community actions from residential, commercial, agricultural, and industrial sectors. This agreement provides funding to County of Kauai to implement its project to conduct inspections and engineering studies of the Wailua-Kaunaloa Pipeline. This agreement provides assistance to the State of Nevada in developing, implementing and maintaining an effective leaking underground storage tank (UST) program. This agreement provides assistance to the State of Nevada's Underground Storage Tank (UST) Program in leak detection, prevention and remediation. This agreement funds the State's program to perform site characterization activities such as pre-CERCLA site screens, site discovery project, and site assessment. This agreement may fund the participation of the recipient to conduct and/or oversee a variety of remedial response activities at Superfund sites. This agreement provides assistance to the State of California in developing, implementing and maintaining an effective leaking underground storage tank (UST) program. This agreement provides funding to the Fort Mojave Tribal Council. The recipient will build its capacity to administer multi-media environmental education programs. The agreement provides funding to the Fort Mojave Mesa Fire District. Specifically, the recipient will reduce emissions of diesel particulate matter. The agreement provides funding to the Ventura County Air Pollution Control District (VCAPCD). Specifically, the recipient will reduce emissions of volatile organic compounds. The objective of the Cybersecurity and SCADA Resilience Project is to enhance reliability of Monterey One Water's wastewater and water supply systems. The purpose of this Support Agency Cooperative Agreement (SACA) is to identify the categories of in-kind services and credit activities the SACA can provide.

This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide I... This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide I... This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide I... This agreement provides funding to the Washington Department of Health. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA. This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award is for the operation of the Passamaquoddy Tribe at Pleasant Point's continuing environmental programs while the tribe operates the Passamaquoddy Water Treatment Plant. This is the 2018 capitalization grant to the State of Maine's Dept. of Health and Human Services, to fund drinking water infrastructure projects. This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide I... Funding for the administration and enforcement of the federal underground storage tank program

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA. This grant agreement provides funding to Pennsylvania Infrastructure Investment Authority (PENNVEST). Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA. This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award amount is \$1,000,000. This agreement is for a capitalization grant that provides funds for the recipient's Drinking Water State Revolving Fund program to provide loan guarantees. This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide loan guarantees. This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide loan guarantees. The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide loan guarantees. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA. This grant agreement provides funding to the Virginia Department of Health and provides funds to capitalize the recipient's Drinking Water State Revolving Fund (DWSRF) program. This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide loan guarantees. The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide loan guarantees. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA. This grant agreement provides funding to Maryland Department of the Environment under Section 1452 of the Safe Drinking Water Act (SDWA). This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award amount is \$1,000,000. This grant will provide funding to replace approximately 3.86 miles of "small diameter" water mains, water mains that are 12 inches in diameter. This grant will provide funding to replace approximately 3.56 miles of "small diameter" water mains; water mains that are 12 inches in diameter. This grant amendment will provide additional funding to DC Water and Sewer Authority to replace approximately 4.4 miles of problematic "small diameter" water mains. This grant will provide funding for needed upgrades, repairs and rehabilitation work at Anacostia Elevated Water Storage Tank Number 1 and 2. This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide loan guarantees. The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide loan guarantees.

This assistance agreement provides \$5,037,000 of federal funding to the West Virginia Department of Environmental Protection. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes states to utilize funds to further the health protection objectives of SDWA. This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award amount is \$5,037,000.00 of funding to Delaware Health and Social Services. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA. This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award amount is \$5,037,000.00. The purpose of this award is to support the implementation of the Delaware Estuary Program's Comprehensive Conservation and Management Plan. Section 320 of the CWA authorizes the Administrator of the EPA to convene management conferences to develop comprehensive conservation plans. This action approves an award in the amount of \$3,961,200 to Georgia Department of Natural Resources. This agreement provides support to the Georgia Department of Natural Resources. This action provides funding in the amount of \$3,790,900.00 to assist the Georgia Department of Natural Resources in implementing its nonpoint source management program. This action approves an award in the amount of \$6,621,200 to the Florida Department of Environmental Protection to support implementing the Florida Department of Environmental Protection's nonpoint source management program. This action approves an award in the amount of \$6,620,300 to the Florida Department of Environmental Protection. This agreement provides support to the Florida Department of Environmental Protection. This action approves funding in the amount of \$2,654,200 to the South Carolina Department of Health and Environmental Control to implement its nonpoint source management program. This action approves an award in the amount of \$2,653,300 to South Carolina Department of Health and Environmental Control. The purpose of this award is to support the implementation of the South Carolina Department of Health and Environmental Control's nonpoint source management program. This action provides funding in the amount of \$2,534,900 to the South Carolina Department of Environmental Services (SCDES) to implement its nonpoint source management program. This action approves an award in the amount of \$3,837,500 to the North Carolina Department of Environmental Quality to implement its nonpoint source management program. This action approves an award in the amount of \$3,942,200 to support the State of North Carolina to implement its nonpoint source management program. This action approves an award in the amount of \$3,941,300 to North Carolina Department of Environmental Quality to implement its nonpoint source management program. This action approves an award in the amount of \$3,938,700 to North Carolina Department of Environmental Quality (DEQ). The State of North Carolina Department of Environmental Quality (DEQ) is implementing its nonpoint source management program. This action approves an award in the amount of \$3,772,900.00 to North Carolina Department of Environmental Quality to implement its nonpoint source management program. This action approves an award in the amount of \$2,682,200 to the Tennessee Department of Agriculture to implement its Nonpoint Source Management Program. This action approves an award in the amount of \$2,681,800 to the Tennessee Department of Agriculture to implement its nonpoint source management program. This action approves an award in the amount of \$2,682,000 to the Tennessee Department of Agriculture. This agreement provides support to the Tennessee Department of Agriculture. This action approves an award in the amount of \$3,146,000 to the Mississippi Department of Environmental Quality to implement its nonpoint source management program. This action approves an award in the amount of \$3,231,000 to the Mississippi Department of Environmental Quality to implement its nonpoint source management program. The agreement provides funding to the Wisconsin Department of Health & Family Services. The purpose of this Toxic Substances Control Act (TSCA) Section 306 grant is to provide radon risk reduction that will result in increased radon testing and radon mitigation. This assistance agreement provides funding under the Toxic Substances Control Act (TSCA) Section 306 to the Ohio Department of Health to implement its radon risk reduction program. The agreement provides funding to the Minnesota Department of Health (MDoH). The purpose of this Toxic Substances Control Act (TSCA) Section 306 funded grant is to provide radon risk reduction that will result in increased radon testing and radon mitigation. This award will provide General Assistance Program (GAP) funds to the Minnesota Chippewa Tribe (MCT) in support of environmental capacity building activities. The work proposed by the Wisconsin Department of Agriculture, Trade and Consumer Protection is to protect food safety and to protect the environment. This agreement provides support to the State of Illinois to implement its nonpoint source management program, focusing on watersheds with high potential for nonpoint source pollution. This agreement provides support to the State of Illinois to implement its nonpoint source management program, focusing on watersheds with high potential for nonpoint source pollution. This agreement provides support to the State of Illinois to implement its nonpoint source management program, focusing on watersheds with high potential for nonpoint source pollution. This agreement provides support to the State of Illinois to implement its nonpoint source management program, focusing on watersheds with high potential for nonpoint source pollution. The Pine River Task Force will use funds to hire Technical Advisors who will explain to the residents how the U.S. Environmental Protection Agency's radon risk reduction program works. This agreement provides funding for the operation of the Minnesota Department of Health's continuing environmental programs while giving it the flexibility to respond to changing needs. This award will provide General Assistance Program (GAP) funds to the Leech Lake Band of Ojibwe (LLBO) in support of environmental capacity building activities. The purpose of this grant to the Cook County Department of Environment and Sustainability (CCDES) is to maintain and operate part of the Illinois Environmental Protection Agency's radon risk reduction program. This award will provide General Assistance Program (GAP) funds to the Ho-Chunk Nation in support of environmental capacity building activities. This agreement provides assistance to the Illinois State Fire Marshal Office in developing, implementing and maintaining an effective underground storage tank (UST) program.

This Grant Agreement is to fund the State of Illinois Water Quality Management Planning program to improve impaired water and protect unimpaired water.

This agreement is to fund the State of Illinois' Water Quality Management Planning program to improve impaired water and protect unimpaired water.

This agreement is to fund the State of Illinois's Water Quality Management Planning program to improve impaired water and protect unimpaired water.

This agreement is to fund the State of Illinois' Water Quality Management Planning program to improve impaired water and protect unimpaired water.

This agreement provides support to the State of Oklahoma to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Oklahoma to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of New Mexico to implement its nonpoint source (NPS) management program, focusing on watersheds with impaired water.

This agreement provides support to the State of New Mexico to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Louisiana to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to Louisiana's Department of Environmental Quality, to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Louisiana to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Louisiana to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Louisiana to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Arkansas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Arkansas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Arkansas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Arkansas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Arkansas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

These funds for Texas State Soil and Water Conservation Board will provide support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides support to the State of Texas to implement its nonpoint source management program, focusing on watersheds with impaired water.

This agreement provides funding for the operation of the Texas Department of State Health Services (TX DSHS) continuing environmental programs.

This agreement provides funding to the Texas Department of State Health Services. Specifically, the recipient will develop and carry out an Environmental Protection Program.

This program supports the Texas Department of State Health Services (TXDSHS) in developing and maintaining compliance monitoring programs for hazardous waste.

The proposed project will consist of three tasks. The Asbestos Division Asbestos Hazard Emergency Response Act (AHERA) compliance monitoring program.

This agreement provides funding for the operation of the Texas Commission on Environmental Quality's (TCEQ) continuing environmental programs.

The purpose of this agreement is for a capitalization grant to the Texas Water Development Board (TWDB) which provides funds for the Texas Water Development Board.

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides funding for the operation of the Oklahoma Department of Environmental Quality's continuing environmental programs.

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides funding to New Mexico Finance Authority. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award further supports the operation of continuing environmental programs and gives flexibility to address environmental priorities.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award further supports the operation of continuing environmental programs and gives flexibility to address environmental priorities.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award further supports the operation of continuing environmental programs and gives flexibility to address environmental priorities.

This agreement provides funding to the Louisiana Department of Health. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides funding for the operation of the Missouri Department of Natural Resources continuing environmental programs while the recipient's Drinking Water State Revolving Fund (DWSRF) program.

This agreement provides funding for the operation of the Nebraska Department of Environment and Energy's continuing environmental programs while the recipient's Drinking Water State Revolving Fund (DWSRF) program.

Supports the operation of continuing environmental programs and gives flexibility to address environmental priorities. This agreement provides funding for the operation of the Kansas Department of Health and Environment's continuing environmental programs while the recipient's Drinking Water State Revolving Fund (DWSRF) program.

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides funding to Iowa. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award further supports the operation of continuing environmental programs and gives flexibility to address environmental priorities.

A federal-state partnership to help ensure safe drinking water providing financial support to water systems and to state safe water programs.

This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide I

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA

This agreement provides funding to Missouri Department of Natural Resources. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA

This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award further supports the operation of continuing environmental programs and gives flexibility to address environmental priorities.

Multipurpose Grants to States and Tribes

This agreement provides funding to the Fort McDowell Yavapai Nation to carry out its program to maintain, protect, and improve the water quality.

This agreement provides funding to the Walker River Paiute Tribe to carry out its program to maintain, protect, and improve the water quality.

This agreement provides funding to Owens Valley Indian Water Commission to carry out its program to maintain, protect, and improve the water quality.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program.

This agreement is for a capitalization grant which provides funds for the State of Hawaii's Drinking Water State Revolving Fund program to provide low interest loans.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program.

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides funding to Hawaii Department of Health. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award will provide low interest loans.

This agreement provides funding to the Havasupai Indian Tribe to carry out its program to maintain, protect, and improve the water quality of its water supply.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program.

This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund (DWSRF) program to provide low interest loans.

This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide low interest loans.

This agreement will provide funds to capitalize the recipient's Drinking Water State Revolving Fund (DWSRF) to provide low interest loans.

This agreement provides funding to the Water Infrastructure Finance Authority of Arizona. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award will provide low interest loans.

This agreement provides funding to the Hualapai Indian Tribe continuing environmental programs while giving it greater flexibility to address its environmental needs.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program.

This agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund program to provide low interest loans.

Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides funding to Nevada Department of Conservation and Natural Resources - Division of Environmental Protection. Section 1452 of the Safe Drinking Water Act (SDWA) authorizes the state to utilize funds to further the health protection objectives of SDWA.

This agreement provides a capitalization grant for the recipient's Drinking Water State Revolving Fund (DWSRF) program. The award will provide low interest loans.

The agreement provides funding for the operation of the Hopland Band of Pomo Indian's continuing environmental programs while giving it greater flexibility to address its environmental needs.

This cooperative agreement will utilize funding to provide a Revolving Loan Fund (RLF) for the community to assist funding cleanup planning and implementation.

The purpose of this agreement is to provide funding for the operation of the Colorado River Indian Tribe's continuing environmental programs while giving it greater flexibility to address its environmental needs.

This agreement provides funding for the operation of the Ak-Chin's continuing environmental programs while giving it greater flexibility to address its environmental needs.

This project provides full federal funding in the amount of \$970,000 for the construction of regional retention/detention basins and infrastructure for the Los Angeles County of Department of Public Works Waterworks District 40 to implement Phase 2 of the North Los Angeles River Flood Control Project.

The project is for the Los Angeles County of Department of Public Works Waterworks District 40 to implement Phase 2 of the North Los Angeles River Flood Control Project.

This agreement provides funding for the operation of the Table Mountain Rancheria's continuing environmental programs while giving it greater flexibility to address its environmental needs.

This agreement provides funding for the operation of the Redwood Valley Little Band of Pomo Indians' continuing environmental programs while giving it greater flexibility to address its environmental needs.

This agreement provides funding for the operation of the Klamath Consortium (administered by the Quartz Valley Indian Reservation) continuing environmental programs while giving it greater flexibility to address its environmental needs.

This agreement provides funding for the operation of the Los Coyotes Band of Cahuilla and Cupeño Indians' continuing environmental programs while giving it greater flexibility to address its environmental needs.

The agreement provides funding for the operation of the Gila River Indian Community's continuing environmental programs while giving it greater flexibility to address its environmental needs.

The purpose for this grant agreement is to provide funding to the Gila River Indian Community continuing environmental programs while giving it greater flexibility to address its environmental needs.

The agreement provides funding to Pechanga. The purpose of this project is to build the tribe's capacity to assess air quality conditions and to develop and implement air quality management plans.

This agreement provides funding for the operation of the San Carlos Apache Tribe's continuing environmental programs while giving it greater flexibility to address its environmental needs.

This agreement provides funding to the Sherwood Valley Rancheria Tribe's continuing environmental programs while giving it greater flexibility to address its environmental needs.

The City of El Monte proposes to construct two new storm drain lines and upgrade the existing pump station to minimize flooding at the Garvey Avenue underpass.

This agreement provides funding for the operation of the Resighini Rancheria's continuing environmental programs while giving it greater flexibility to address its environmental needs.

This agreement provides funding for the operation of the Fort Independence Tribe's continuing environmental programs while giving it greater flexibility to address its environmental needs.

This agreement provides funding to the Utu Utu Gwaitu Tribe to carry out its program to maintain, protect, and improve the water quality of its water supply.

This agreement provides funding for the operation of their continuing environmental programs while giving it greater flexibility to address its environmental needs.

The purpose of the Targeted Air Shed program is to replace approximately 144 on-road heavy duty trucks with newer, cleaner vehicles.

This proposed project will replace conventional diesel and gasoline powered shuttle buses with zero emission shuttles in Southern California airports.

This agreement provides funding to Mooretown Rancheria to carry out its program to maintain, protect, and improve the water quality of its water supply.

This project provides funding for the operation of Arizona Department of Environmental Quality's (ADEQ's) continuing environmental program to monitor and assess the environmental quality of the Colorado River.

The City and County of Honolulu will inventory, characterize, assess, and conduct cleanup planning and community involvement related activities for the Kalaheo Island.

This assistance agreement will provide funding for Nye County on behalf of the Rural Desert Southwest Brownfields Coalition (RDSBC) to carry out brownfields cleanup and redevelopment projects.

The purpose of this award is to develop and implement projects and activities that meet the Border 2020 Program Goals and Objectives and to provide technical assistance to the community.

City of Sacramento will capitalize a revolving loan fund (RLF) from which to make loans and subaward to clean up brownfields site(s), and conduct brownfields cleanup and redevelopment projects.

This agreement provides funding for the operation of the Graton Rancheria's continuing environmental programs while giving it greater flexibility to address its environmental needs.

For the construction of a treatment plant to remove arsenic from the NTUA Aneth public water system. The completion and operation of the plant will improve the water quality of the Aneth public water system.

Multipurpose Grant Program (MPG)
TRIBAL LEAKING UNDERGROUND STORAGE TANK PROGRAM - CORRECTIVE ACTION
TRIBAL LEAKING UNDERGROUND STORAGE TANK PROGRAM - LUST PREVENTION
Multipurpose Grant Program (MPG)
SF Bay Water Quality Improvement Fund
Lead Testing in School and Childcare Programs Drinking Water in Nevada Project (also known as the WIIN Grant Project)
Performance Partnership Grant
National Clean Diesel Program - Agricultural Tractor Replacement Program
National Clean Diesel Emissions Reduction Program - FY19 Locomotive Switcher Replacement
National Clean Diesel Program - Heavy Duty Truck Replacement Project
BROWNFIELDS MULTI-PURPOSE COOPERATIVE AGREEMENT
WIIN Act - Testing for Lead in Drinking Water at Schools and Child Care Programs
Performance Partnership Grant
Performance Partnership Grant
State Clean Diesle Grant Program
BROWNFIELDS MULTI-PURPOSE COOPERATIVE AGREEMENT
BROWNFIELDS ASSESSMENT COOPERATIVE AGREEMENT
Targeted AirShed Program - Wood Stove Change Out Program
Targeted Airshed Program - Battery - Electric Truck Deployment Project
Targeted Air Sheds - Excavator/Wheel Loader & Demonstration Project
Targeted Air Sheds - Heavy Duty Truck Replacement Project
Targeted Air Sheds - Tractor Replacement Project
PERFORMANCE PARTNERSHIP GRANT
Drinking Water Tribal Set-Aside Program - Cameron (Dzil Libei) Elementary School
Clean Water Tribal Set-Aside & Chinle Wastewater Treatment Plant Upgrade
Clean Water Tribal Set-Aside - Kayenta WWTP
DRINKING WATER TRIBAL SET-ASIDE - Chemehuevi Indian Tribe
Water Infrastructure - Water Infrastructure Projects along the US-Mexico Border
WIIN ACT - TESTING FOR LEAD IN DRINKING WATER AT SCHOOLS AND CHILD CARE PROGRAMS
Multipurpose Grant Program

The goal of the Program is to reduce human exposure to radon in residential and school structures through resources and objectives that edu  
This agreement provides assistance to the Navajo Nation to implement its program for leaking underground storage tanks (USTs) and to sup  
This agreement provides support to the Navajo Nation to implement its program to manage underground storage tanks on tribal lands and to  
This agreement contains activities that complement existing environmental program grants. Specifically, the recipient will use this multipurpos  
The project is a collaboration of the member agencies of the Marin Countywide Stormwater Pollution Prevention Program (MCSTOPPP) whic  
This agreement is to an eligible state agency to implement a program of voluntary testing for lead in drinking water at local schools and child c  
These funds support further development and administration of the Water Pollution Control Program and Nonpoint Source Pollution Control P  
This agreement will provide assistance to the San Joaquin Valley Unified Air Pollution Control District in its efforts to reduce exposure to diese

This agreement will provide assistance to the San Joaquin Valley Unified Air Pollution Control District in its efforts to reduce exposure to diesel emissions in the San Joaquin Air Basin.

Pre-award costs have been approved back to July 1, 2019.

This agreement will provide assistance to the South Coast Air Quality Management District (SCAQMD) in its efforts to replace 2013 or newer  
The agreement will provide funding for the White Mountain Apache Housing Authority in Whiteriver, Arizona to conduct a range of activities as  
This agreement provides funding to implement a program of voluntary testing for lead in drinking water at local child care centers. Specifically,  
This agreement provides funding for the operation of the Cedarville Rancheria's continuing environmental programs while giving it gre  
This cooperative agreement continues the recipient's implementation of its pesticide regulatory and enforcement programs, including, but not

This agreement will provide assistance to the Hawaii Department of Health in its efforts to reduce diesel emissions and exposure throughout the State of Hawaii.

This agreement will provide funding for the City of Fresno, CA to inventory, characterize, assess, and conduct cleanup planning and community outreach for the Wood Stove Change-Out Program with Northern Sierra Air Quality Management District in the Portola PM2.5 Nonattainment area to reduce a

Deployment of new medium and heavy-duty battery-electric delivery trucks in the South Coast Air Basin (SCAB).

This assistance agreement provides full federal funding in the amount \$4,177,083.

Pre-Award costs are approved back to April 1, 2020.

The project will demonstrate battery electric non-road excavator and wheel loader in the South Coast Air Basin (SCAB).

The purpose of this cooperative agreement is to replace heavy-duty

This assistance agreement provides full federal funding in the amount of \$5,000,000.00.

The purpose of this cooperative agreement

This assistance agreement provides full federal funding in the amount of \$5,000,000.00.

The agreement provides funding for the operation of the White Mountain Apache Tribe's continuing environmental programs while giving it gre  
This project is for the construction of the final connection from the Navajo Tribal Utility Authority (NTUA) meter box at the boundary of the Dzi  
The project will upgrade the existing Wastewater Treatment Plant to reduce the amount of nutrients and other pollutants that are discharged i

This agreement provides funding to the Indiana Department of Environmental Management to conduct activities that are not assignable to specific programs. The primary objectives of EPA's CERCLA Section 128(a) State and Tribal Response Program grants are to provide financial support to State and Tribal governments to respond to releases of hazardous substances.

The Senior Environmental Employment Program provides an opportunity for retired and unemployed older Americans aged 55 and over to share their skills and experience with the environment.

The purpose of this cooperative agreement is to provide \$94,579.00 in funding and extend the grant project period in support of Pinellas County's environmental programs.

This action provides funding in the amount of \$169,983 to support Alabama Department of Agriculture and Industries (ADAI) continuing pest management programs.

This project provides funding to Woonasquatucket River Watershed Council to implement its project, which will design, demonstrate, and disseminate information about watershed protection.

This project provides funding to the Mariana Islands Nature Alliance to implement its project, which will design, demonstrate, and disseminate information about marine conservation.

This project provides funding to Center for the Force Majeure Foundation (CFM) to implement its project, which will design, demonstrate, and disseminate information about disaster preparedness.

This project provides funding to the grantee to implement its project, which will design, demonstrate, and disseminate environmental education materials.

This project provides funding to the Sustainable Energy Fund to implement its Environmental Education project. The grantee will educate students about sustainable energy.

This action provides partial funding in the amount of \$100,000.00 to support the City of Jacksonville, Duval County Florida. Specifically, the recipient will implement a project to improve water quality.

This project provides funding to The Artist Boat, Inc. to implement its project, which will design, demonstrate, and disseminate environmental education materials.

This action provides partial funding in the amount of \$100,000.00 to support the Miami Dade County. Specifically, the recipient will implement a project to improve water quality.

This action provides partial funding in the amount of \$100,000 to provide funding to Forsyth County, North Carolina. Specifically, the recipient will implement a project to improve water quality.

This project provides funding to University of California, Santa Barbara to implement its project, which will design, demonstrate, and disseminate information about marine conservation.

This agreement funds the New Hampshire Department of Environmental Service's program to determine background concentrations of metals in the state's water bodies.

This agreement provides funding for the operation of the Bad River's continuing environmental programs while giving it greater flexibility in how to spend the funds.

This agreement provides funding under the Inflation Reduction Act (IRA) to the Saint Regis Mohawk Tribe to develop or enhance climate action plans.

This agreement may fund the participation of the recipient in activities including but not limited to the review of remedial investigation and feasibility studies.

This action approves an award in the amount of \$2,661,178 to Mississippi Department of Agriculture and Commerce(MDAC). The purpose of the award is to support the state's agricultural programs.

The goal of this project is to provide unique educational opportunities for the next generation of Science, Technology, Engineering and Mathematics students.

The Native Village of Selawik will build this 4-year workplan on the environmental priorities listed in the EPA Tribal Environmental Plan (ETEP).

The Native Village of Kobuk continues to build tribal environmental capacity while training, presenting to the community and working on the social and economic development of the village.

The tribe will continue to build capacity regarding environmental issues facing the tribe, and continue efforts to remediate and eliminate dangers to the tribe's health and environment.

This agreement incrementally funds Ohio EPA's activities including but not limited to the review of remedial investigation and feasibility studies.

The Native Village of Pilot Point will establish an environmental program. The Tribe will build administrative and programmatic capacity for implementation.

The Native Village of Napaimute will use GAP funding to address priority environmental concerns in the community. Environmental staff will focus on water quality and wildlife management.

The Native Village of Mekoryuk will build capacity to increase knowledge and technical skills of the Environmental staff financial administration.

This agreement provides funding for the operation of the Sauk-Suiattle Tribe's continuing environmental programs while giving it greater flexibility in how to spend the funds.

The types of areas that the Native Village of Deering will take to identify and prioritize the environmental issues they want to address will need to be determined by the tribe.

The Native Village of Kipnuk will build capacity to increase knowledge and technical skills of the Environmental staff financial administration.

The Association of Village Council Presidents will use GAP funding to address priority environmental concerns among 56 Yukon Kuskokwim Village Councils.

Akiak Native Community will use GAP funding to address priority environmental concerns in the community. Environmental staff will focus on water quality and wildlife management.

Lower Columbia Estuary Partnership - Year Four of BIL Funding and Workplan

National Estuary Program

Clark County DES CAA 105 SFY25

ICAS EPA IGAP FY25-28 Regional Environmental Program

Construction of a new sewer force main on Walnut Street from North High Street to Central Street.

City of Long Beach Wastewater Improvement Project

South Adams County Water and Sanitation District - Procure and install an emergency generator - 2025-2026

City of Fullerton Well 7A Construction Project

FY23-25 Performance Partnership Agreement

Town of Webb, NY Wastewater Treatment Facility Infrastructure Improvements  
Oakdene Avenue Stormwater Improvements Project

Yakama Nation Ceded Territories - First Foods Environmental Justice &  
Climate Resilience Capacity Building

FY23-25 Performance Partnership Grant to the Washington State Department  
of Ecology

Rockland Screening Improvements Project

Wastewater Treatment System Improvements

NE Corner of NE 23rd and Martin Luther King Community Engagement

Lebanon Water Works Company Tank Project

Capitalization Grant for South Dakota Drinking Water State Revolving Emerging  
Contaminants Fund (FFY2023 Application)

Southwest Regional Stormwater Center of Excellence

Ohio EPA FFY25 106 Grant Application

City of Banning Wastewater Treatment and Groundwater Protection Project  
NY State Department of Environmental Conservation FY 2022-2025 CERCLA  
128(a) Response Program

EPD Development for Construction Materials & Products that Reduce  
Climate Change Impacts and Advance the Circular Economy

Upper Columbia United Tribes &dash; Toxics Reduction Lead

Montana Department of Environmental Quality Performance Partnership Grant  
(PPG) FY 25-26

Village of Mayville Water System and Source Improvements Project

State Public Water System Supervision

City of Ocoee for a Utility Upgrade Project

Town of Vinalhaven Downtown Sewer and Stormwater Project

This agreement provides funding under the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58) to the Lower Columbia Estuary Partner

This agreement provides funding under the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58) to North Carolina Department of Envir  
This agreement provides funding to Clark County Department of Environment and Sustainability in its efforts to implement air pollution control

The Inupiat Community of the Arctic Slope (ICAS) assists in representing of Tribal entities in the geographic area of the North Slope of Alaska

Portland Cement Association (PCA)- Reducing Embodied Greenhouse Gas Emissions for Cementitious Materials

#### Performance Partnership Grants

Technical Assistance Program to Reduce Embodied Greenhouse Gas Emissions for Construction Materials and Products

Reducing Embodied Greenhouse Gas Emissions for Construction Materials and Products

Pico Rivera Water Authority for PFAS Groundwater Treatment Project will install 3-Units of Aqueo US Vets Liquid Phase Adsorption Systems at Plant No. 3, to remove PFOS and PFOA from potable water.

#### 66.460 - Nonpoint Source Implementation Grants

FY24 NYS EFC Sewer Overflow and Stormwater Reuse Municipal Grant (OSG) Project

City of Tybee Island Stormwater Detention System Project

NYSDEC Hazardous Waste Management Program FY24/25

#### Climate Pollution Reduction Grants

Marietta Lift Station Improvements

Penn Hills School District - Diesel School Bus Replacement Project

LIS Watershed Nutrient Reduction Bipartisan Infrastructure Law Project

Bipartisan Infrastructure Law (BIL) Long Island Sound Community Impact Fund - Transforming People and Places

Uncertainty Assessment Framework for Robust PCRs of Salvaged and Remanufactured Construction Materials

Queensbury Union Free School District's ICE to ZE School Bus Replacement Project

The grant is being utilized for three (3) projects: Lake Hiawatha Pump Station Project, New Road Pump Station Project and for change orders associated with the Pump Station No. 4.

Glen Cove (C) DWCG (FY23) - PTAS at Duck Pond Road Station Wells

Park Ridge, NJ - Project FY23 CG Final Implementation Guidance for a Water Remediation Project

Northwest Building Sustainability Initiative: Enhancing EPD Development for Oregon and Washington Manufacturers

Orwell (T) DWCG (FY23) - Water System Improvements

#### Project Development Assistance Program

San Francisco Bay Area Water Quality Improvement Fund

NYSDEC Division of Water 2024 (SFY24-25) 604(b) Water Quality Management Planning Grant

Rebuilding Exchange - FR

Union Bleachery Mill Village Sewer Replacement Project

New Mexico Fiscal Year 2024 Base Clean Water State Revolving Fund Capitalization Grant

Reducing Embodied Greenhouse Gas Emissions for Construction Materials and Products

Idaho FFY2024 Drinking Water SRF Capitalization Grant

Label Program for Advancing EPD Adoption
